in the DFG Research Training Group „Doing Transitions“ starting on 1<sup>st</sup> of January 2023 for a fixed term of 3 years, located in Frankfurt and in Tübingen respectively.

The Research Training Group „Doing Transitions“ investigates how transitions are constituted on different individual and societal levels across the life course. It combines the disciplinary perspectives of educational science, sociology, psychology and related social sciences. For a detailed description of the research programme and guidelines for applications see [www.doingtransitions.org/en](http://www.doingtransitions.org/en).

The universities are committed to equal opportunities of men and women and therefore invite and encourage women to apply. The centre offers a variety of support for reconciling work and family. Applicants with impairments are prioritised in case of equal qualification.

The limitation of contracts are in line with the Wissenschaftszeitvertragsgesetz which regulates the employment of junior researchers in science and research.

Please, send your applications by email (possibly in a single PDF file) to [doingtransitions@uni-frankfurt.de](mailto:doingtransitions@uni-frankfurt.de) until **September 15<sup>th</sup> 2022**.
