

Bielefeld University has the following **two** job openings within the InChangeE joint project:

## Research Positions (Fellowship/Postdoc)

**ID: Wiss23266**

- Start: as soon as possible
- fulltime
- salary according to Remuneration level 14 TV-L
- fixed-term

In the joint project "Individualisation in Changing Environments" (InChangeE) funded by the Ministry of Culture and Science of the state of NRW, the Universities of Münster and Bielefeld explore causes, mechanisms and effects of individualisation in changing environments in an interdisciplinary discourse of natural sciences, social sciences and humanities. The disciplines represented in the joint project are biology, philosophy, sociology, economics, psychology, geoinformatics, psychiatry and health sciences (<https://www.uni-muenster.de/JICE/en/projekte/inchange.html>).

To promote excellent academics who are at the beginning of their independent research career, Bielefeld University offers two Individualisation Fellowships for researchers. These positions will offer successful candidates the opportunity to further develop their independent research in the field of interdisciplinary individualisation science and to prepare their application for an individual research grant.

### Your Tasks

Research tasks (100 %):

- development of a research programme in conjunction with the research agenda of the work packages of the InChangeE project
- elaboration of a research proposal for excellent junior research (ERC starting grant, Emmy Noether, etc.)

The employment is designed to encourage further academic qualification.

### We offer

- salary according to Remuneration level 14 TV-L
- fixed-term (limited until 31.10.2024; potentially

Bielefeld University has received a number of awards for its achievements as an equal-opportunity employer and has been recognized as a family-friendly university. The university welcomes applications from women. This is particularly true with regard both to academic and technical posts as well as positions in information technology as well as the skilled crafts and trades. Applications are handled according to the provisions of the state statutes on equal opportunity. Applications from suitably qualified handicapped and severely handicapped persons are explicitly encouraged.

At Bielefeld University on request positions can be carried out with reduced working hours as long as this does not conflict with official needs.
